

Opto-, Micro- & Nanotechnologies

Company Mission Oulu, 15./16. February 2010

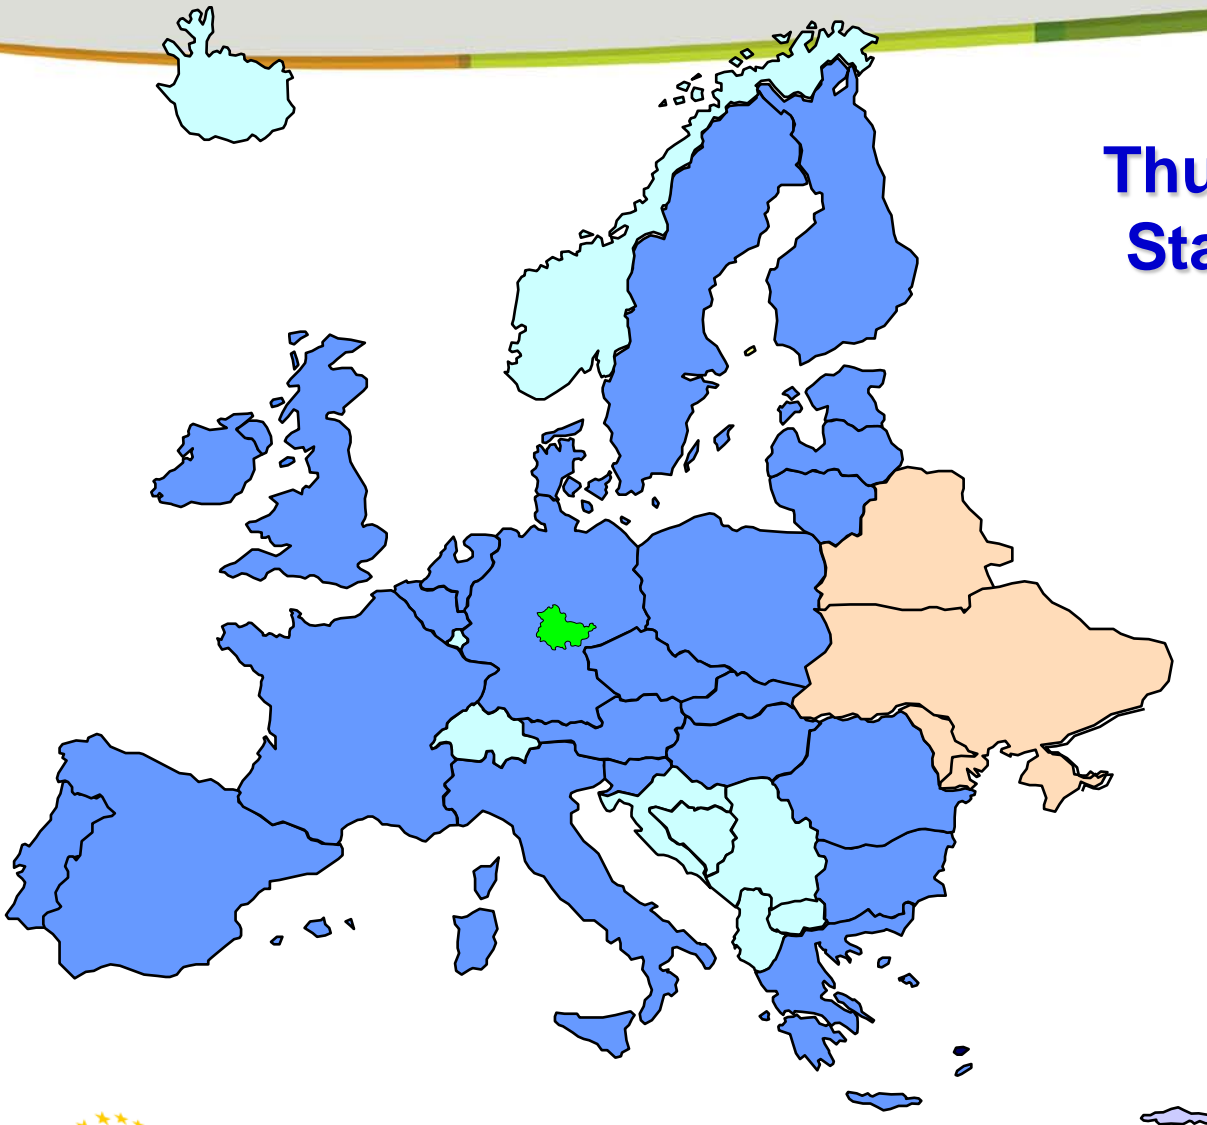

H.-Jochen Schmidt

Foundation for Technology, Innovation & Research Thuringia

Business Support on Your Doorstep

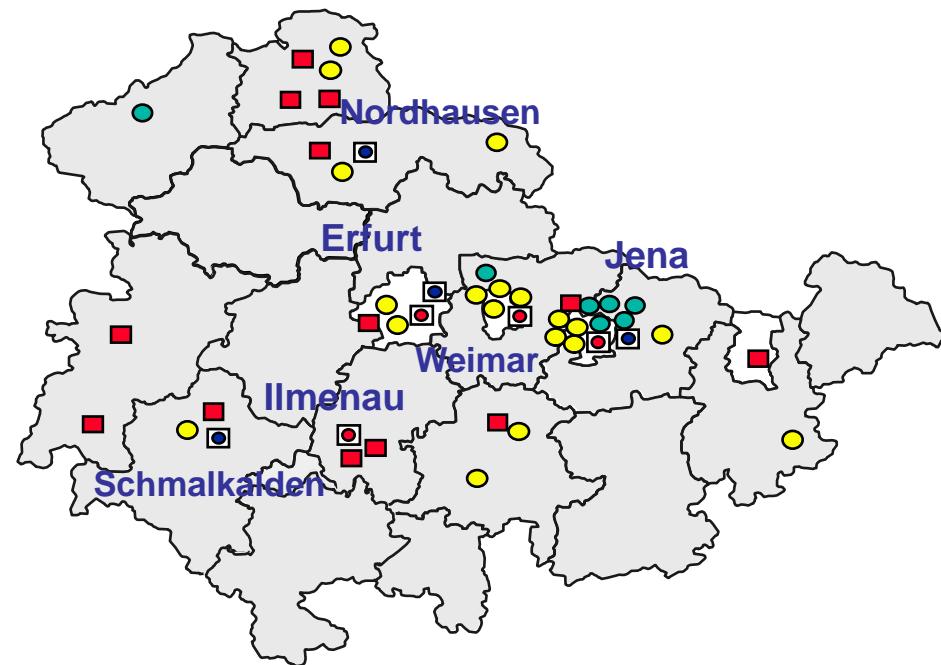

Thuringia - A German State in the Heart of Europe

- Capital: Erfurt
- Area: 16.172 sqkm
- 2.300.000 inhabitants
- GDP in 2008: 49,8 Bill. €
- 1.028.600 employees

Techn. Research Institutions in Thüringen

-  University
-  Technical college
-  Scientific research institution
-  Economy-related research institution
-  Technology centres

Friedrich Schiller
University Jena

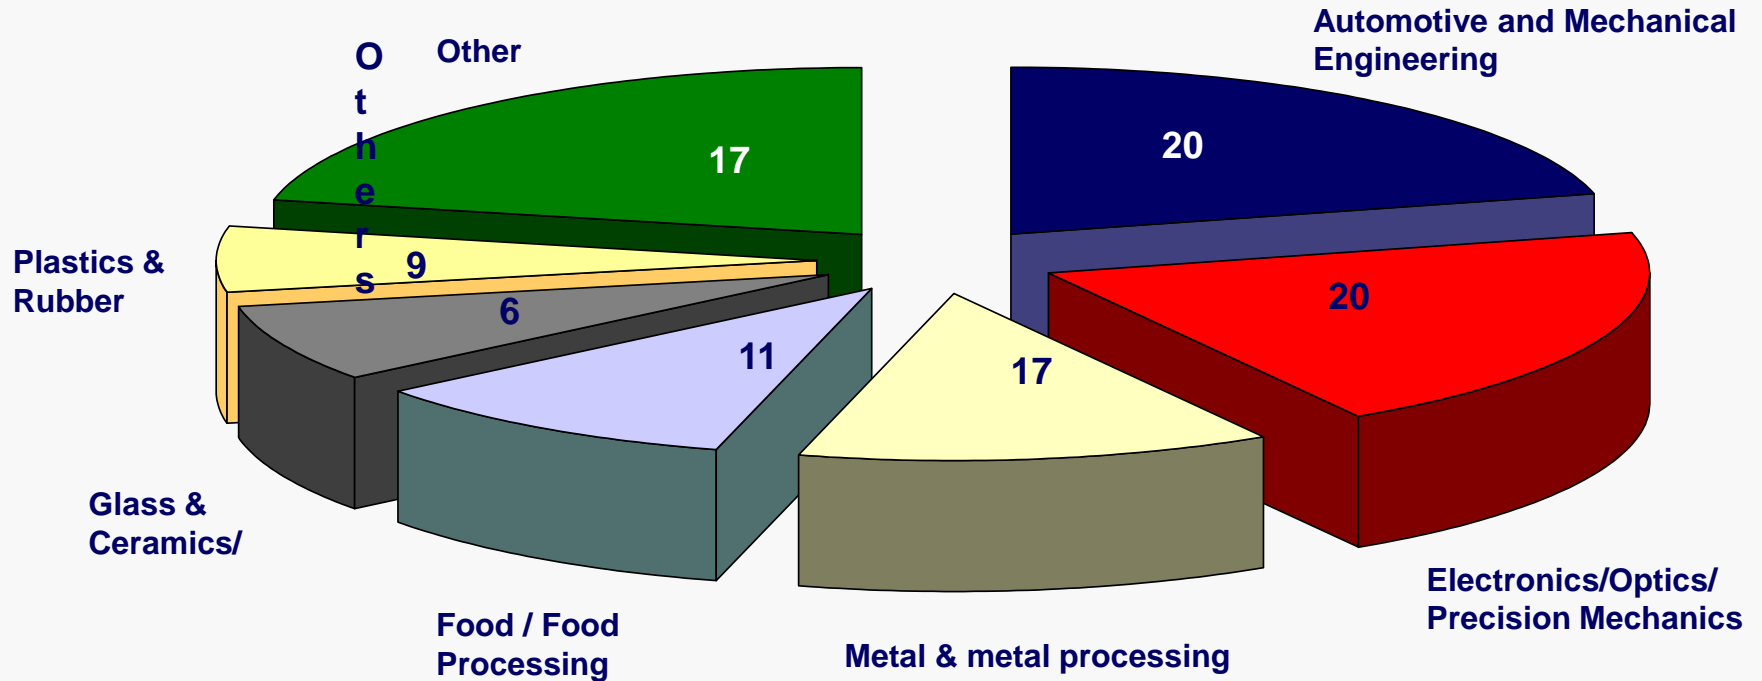

Technical University
Ilmenau

Outstanding research infrastructure

- 4 universities
- 4 universities for applied sciences
- 19 research institutions with commercial activities
- 8 centers for technology transfer
- 4 High-Tech Application Centres (MST and Bioinstruments)

Main industries

(Turnover distribution 2008 in %)

Key Technologies and Clusters

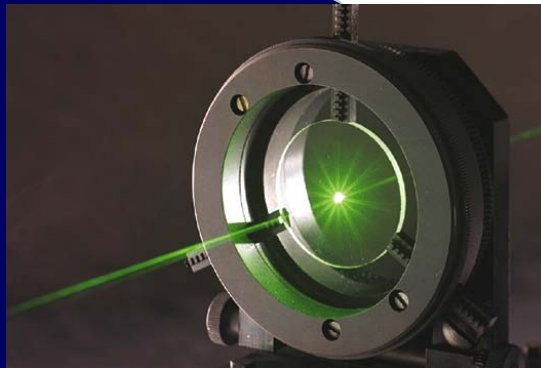

Medways
Medical technologies

Automotive Thuringia
Automotive suppliers

Bio Instruments
for life sciences

MNT
Micro and Nano
technologies

SolarInput
Solar
technologies

FerMeTh
Manufacturing and metal
processing technologies

PolymerMAT
Plastics and new
materials

OptoNet
Optical technologies

ELMUG
Electronic measure-
ment & devices

Delegation from Thüringen

- Institut of Micro- and Nanotechnologies (IMN) Ilmenau
- Institut of Microelectronics and Mechatronics (IMMS) Systems gGmbH Ilmenau

Companies

- dilitronics GmbH Jena
- Jenoptik Laser, Optik, Systeme GmbH Jena
- Jenoptik Polymer Systems GmbH Jena
- LEONI Fiber Optics GmbH Neuhaus-Schierschnitz
- PI Ceramic GmbH Lederhose
- POG Precision Optics GmbH Gera
- TETRA GmbH Ilmenau
- VIA electronic GmbH Hermsdorf

→ Many opportunities for cooperation

Foundation for Technology, Innovation and Research Thüringen (STIFT)

- Promotes the transfer of new scientific knowledge, research results and technologies from science to industry
- Supports the networking / clustering of the main technological activities in Thüringen → **Internationalisation**
- Responsible for planning and construction of infrastructure projects (Technology centres and Application centres)

Stiftung für Technologie, Innovation und Forschung Thüringen (STIFT)

Foundation for Technology, Innovation
and Research Thuringia

Thank you very much!
