SkyPro Conference

Clean air research at the University of Oulu

The purpose of the SkyPro Conference is to provide a forum for researchers of the University of Oulu to introduce their results in the clean air field and to promote networking among researchers and with industry.

The Conference will consist of three sessions:

- 1) Indoor air quality
- 2) Air pollution abatement, measurement and control
- 3) Environmental and health impacts of air pollution

Research papers related to other aspects of clean air are also welcome. All organizations working in the field of clean air technologies in Northern Finland are also invited to submit abstracts.

Researchers are invited to submit extended abstracts of 2-4 pages (800-1400 words) by March 31st, 2010 to nortech@oulu.fi. Further instructions and a template for abstracts as well as the programme of the conference can be found at the conference webpage <http://nortech.oulu.fi/SkyPro/>.

All accepted abstracts will be published in the SkyPro Proceedings book.

Please indicate your contact information and presentation preference (oral or poster) in your e-mail. The notification of the acceptance and presentation type will be sent by April 30th, 2010. The language of the Conference is English.

The Conference is open for everyone to participate, registration to nortech@oulu.fi by May 27th, 2010. Participation is free.

The Conference is organized by the SkyPro Oulu (<http://www.skyprooulu.fi/en/>) clean air cluster and the Environmental Technology Development Programme (<http://nortech.oulu.fi/ETEP/>) of the University of Oulu.
